8.—(1) For the purpose of determining grant eligibility, the Ministry of Municipal Affairs shall make determinations in the same manner as is prescribed under sections 2, 3 and 4 and the determinations under this subsection shall be based on the last returned assessment roll and on the equivalent assessments that by this Regulation are required to be added to the real property and business assessment for apportionment purposes.

(2) The Ministry of Municipal Affairs shall determine for each municipality within a district board area,

(a) the dollar amount obtained by subtracting from the 1986 apportionment guarantee grant to each municipality the product obtained by multiplying the total number of households in that municipality by five dollars; and

(b) if the dollar amount obtained under clause (a) is greater than zero, the apportionment guarantee grant by taking the dollar amount obtained under clause (a).

(3) For the purpose of determining grant eligibility, the Ministry of Municipal Affairs shall,

(a) determine for each municipality within a district board area the dollar amount obtained by multiplying the percentage share of apportionment for that municipality, as determined under section 4, by the total amount apportioned among the municipalities within the district board area, as determined under section 7;

(b) determine the dollar amount obtained by multiplying the 1986 sharing responsibility for general purposes by the total amount apportioned among the municipalities within the district board area, as determined under section 7;

(c) determine the dollar amount obtained by subtracting from the dollar amount obtained under clause (a) the dollar amount obtained under clause (b);

(d) determine the dollar amount obtained by subtracting from the dollar amount obtained under clause (c) the product obtained by multiplying the total number of households in that municipality by five dollars; and

(e) if the dollar amount obtained under clause (d) is greater than zero, increase the apportionment guarantee grant determined under subsection (2) by the amount determined under clause (d).

(4) The Ministry of Municipal Affairs shall notify the treasurer of the municipality of the amount of the apportionment guarantee grant determined under subsections (2) and (3) and the Minister shall pay to the municipality such amount, if any.

(5) The amount payable under subsection (4) in respect of the total sum required for district board purposes shall be deducted by the municipality from the total sum and the net amount so determined shall be the amount to be raised by the municipality in 1987. O. Reg. 577/87, s. 8.

9.—(1) Where the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of one or more municipalities within a district board area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the district board, notice of the altered equalization factor, residential and farm assessment, commercial assessment or equivalent assessment, as the case may be, shall be given forthwith by the clerk of the municipality to the Ministry of Revenue.

(2) Upon being satisfied that all appeals of the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of all

municipalities within a district board area have been determined and that all notices required under subsection (1) have been received, the Ministry of Revenue shall, using the altered equalization factor, residential and farm assessment, commercial assessment, or equivalent assessment, as the case may be,

(a) make the determinations required under sections 2, 3 and 4; and

(b) revise the notice and information to be supplied under sections 5 and 6.

(3) When a district board receives a notice revised by the Ministry of Revenue under clause (2) (b), the district board shall amend the apportionment of the total sum required for district board purposes among the municipalities within the district board area on the basis of the adjusted equalized assessments as determined.

(4) Where the Ontario Municipal Board alters, for 1987, the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of a municipality, the Ministry of Municipal Affairs shall redetermine the grant eligibility of each municipality within the district board area in accordance with subsections 8 (1), (2) and (3) on the basis of the altered equalization factor, residential and farm assessment, commercial assessment or equivalent assessment, as the case may be, and the Minister shall adjust the amount payable under subsection 8 (4) accordingly. O. Reg. 577/87, s. 9.

10. Notwithstanding sections 2 to 9, for the purpose of apportioning the 1987 requirements of the District of Parry Sound Welfare Administration Board, Parry Sound Home for the Aged (East) and Parry Sound Home for the Aged (West), the discounted assessment of the supporting municipality shall be deemed to be the discounted equalized assessment of the supporting municipality within each of the specified district board areas. O. Reg. 577/87, s. 10.

## PART II

### GENERAL

11.—(1) Where any Act requires the Ministry of Revenue or the Ministry of Municipal Affairs to equalize assessment rolls or parts of an assessment roll that relate to two or more defined areas within a

supporting municipality, the Ministry of Municipal Affairs shall, in equalizing each assessment roll or each part of the assessment roll, as the case may be, for purposes of municipal taxation in 1987, use the same equalization factor as was used to equalize such assessment roll or such part of the assessment roll for purposes of municipal taxation in 1979.

(2) Subsection (1) does not apply to a supporting municipality where there has been a different assessment generally of real property within that supporting municipality under section 63 of the *Assessment Act*. O. Reg. 577/87, s. 11.

12.—(1) Where the Ministry of Municipal Affairs or the Ministry of Revenue, as the case may be, determines in respect of a district board that any calculation made under this Regulation was made incorrectly or was based on incorrect information, the Ministry of Municipal Affairs may correct the calculation and may determine the amount that would have been payable to the supporting municipalities within the district board area by the Ministry of Municipal Affairs under this Regulation if the calculation had been correct and the grant amounts payable under Part I may be adjusted accordingly.

(2) Where a determination is made under subsection (1) in respect of an apportionment and levy of a district board, that apportionment and levy shall be adjusted in accordance with the corrected calculations and any overpayment or underpayment by a supporting municipality shall be corrected in the same manner as it is corrected following an appeal of a discounted equalized assessment being used for apportionment purposes. O. Reg. 577/87, s. 12.

13. Where, under this Regulation, an adjustment is made by the Ministry of Municipal Affairs or Ministry of Revenue, as the case may be, in the grant amounts payable by the Minister of Municipal Affairs to a supporting municipality under Part I, and where the Ministry of Municipal Affairs determines as a result of the adjustment that an overpayment has been made to the municipality, it shall notify the municipality of the amount of the overpayment and the amount of the overpayment shall be paid forthwith by the municipality to the Ministry of Municipal Affairs. O. Reg. 577/87, s. 13.

14. This Regulation applies to apportionments and levies made on or after the 1st day of January, 1987. O. Reg. 577/87, s. 14.

## ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 578/87.

Exemption—Municipality of Metropolitan

Toronto—METRO-M-2.

Made—October 15th, 1987.

Approved—October 15th, 1987.

Filed—October 21st, 1987.

ORDER MADE UNDER THE  
ENVIRONMENTAL ASSESSMENT ACTEXEMPTION—MUNICIPALITY OF  
METROPOLITAN TORONTO—METRO-M-2

Having received a request from The Municipality of Metropolitan Toronto that an undertaking, namely:

a proposal to alter parts of the north and east boundaries of the Keele Valley Landfill Site located on Parts of Lots 21-28 inclusive, Concession 3, Town of Vaughan, Regional Municipality of York,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Stage II is currently under development. The time requirements of full application of the *Environmental Assessment Act* may disrupt waste disposal operations at the site and cause the proposed undertaking to be delayed or partially cancelled.
- B. Possible damage to the nearby groundwater may occur through increased overall permeability of the clay liner. This is due to the fact that the easterly site boundaries of the Stage II area and the Stage IV area are irregular to the extent that construction and quality control difficulties in the installation of the liner will occur if the easterly boundaries of these areas are not straightened and waste is disposed thereon.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertak-

ing is exempt from the application of the Act for the following reasons:

- A. The overall area and capacity of the site for refuse filling purposes will not be increased above that currently approved;
- B. The proximity of the refuse to the property boundary brought about by this change will not be less than exists at other locations around the site and will not be less than that suggested in the proposed amendment to waste management Regulation 309 respecting waste disposal sites;
- C. No increased environmental effect on or off the site on surface or subsurface hydrology, flora, fauna, or ambient air conditions is anticipated as a result of the boundary modification;
- D. The neighbouring ratepayers who have previously objected to the site have been advised of this proposed alteration and have indicated to the proponent's representatives that the proposed alteration is appropriate;
- E. The natural environment could probably be better protected by altering the east boundary so as to allow for a more efficient liner construction; and
- F. The operator will be able to construct the liner in the altered Stage II and Stage IV areas in a manner that will ensure less permeability only upon approval of its plans and specifications by the Director of Environmental Approvals of the Ministry of the Environment following a public hearing by the Environmental Assessment Board under Part V of the *Environmental Protection Act*.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order, is being carried out as or is part of, an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order. Made—October 30th, 1987.

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Natural Resources has included a schedule for completion of a Class Environmental Assessment (Class EA) for Provincial Park Management with its request for exemption. Pre-submission consultation and completion of the EA for formal submission will be hampered by having to prepare separate exemptions or assessments for all Provincial Park projects at the same time.

- C. Public enjoyment of recreational features may be reduced in the absence of the implementation of Provincial Park projects.
- D. The realization of the Government's Outdoor Recreation Program Objective and economic benefits to local communities would be limited.

Having weighed such injury, damage or interference with the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which

would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. This interim exemption will allow Provincial Park plans and projects to continue while the Environmental Assessment for Provincial Park Management undergoes pre-submission consultation.
- B. The Provincial Parks Program is carried out within a context of conservation, protection and wise management of the environment. A major feature of the Provincial Parks Program is the preservation of significant, natural and cultural features in the Ontario landscape.

- D. A number of activities that make up this undertaking are similar to activities that are covered by approved MNR Class Environmental Assessments. The Minister of Natural Resources will apply such parts of the procedures specified in the Class Environmental Assessments as are appropriate to the activities that make up this undertaking until such procedures, or other procedures are made directly applicable by the Environmental Assessment referred to in reason A.

This exemption order is subject to the following terms and conditions:

1. This exemption order does not apply to any plan or project,
  - (a) for any provincial park designated by regulation under the *Provincial Parks Act* after June 1, 1983;

  - (c) where the estimated completion cost of a sewage or water works or a capital construction or lease purchase project is in excess of \$2 million, not including any land acquisition costs.
2. This exemption order does not apply to any plan or project which includes the disposition

of property or interests in property to the private sector for,

(b) mineral exploration or development,

both of which will be done pursuant to Exemption Order MNR-26/4, as amended from time to time.

3. MNR will continue to provide the Environmental Assessment Branch as well as the Regional Office of the Ministry of the Environment (MOE) with a list of proposed plans and projects (e.g., capital development and facility upgrading projects, facility retirement, park resource management activities, park boundary amendments (including de-regulation), schedules for preparation or review of park management plans) for the Provincial Parks Program no less than thirty days prior to the implementation of any project. The lists will specify the nature, scope and location of all plans and projects and will specify which plans and projects will be carried out pursuant to another exemption order. MNR will notify the above offices of revisions to the lists no less than thirty days prior to the implementation of any such plans or projects.
4. A copy of all plans prepared for projects specified in the lists noted in Condition 3 shall be available to the public for examination at the appropriate District Office of MNR at least thirty days before implementation commences.
5. Any activity exempt under this Order that would be approved under a MNR Class Environmental Assessment, except that the approval does not apply to Provincial Parks, shall be carried out in accordance with the appropriate Class EA procedures, as though the activity were not in a Provincial Park by,
  - (a) following the appropriate Class EA procedures, including notification, if there is no Park Management Plan; and
  - (b) following the environmental quality guidelines and Construction and Mitigation Handbook, if there is a Park Management Plan.
6. Where the Minister of the Environment determines, after consultation with the Minister of Natural Resources, that a proposed plan or project,

(a) may generate an unusual amount of public or Government concern; or

(b) may have unusual or significant potential environmental impacts not adequately treated in the pertinent planning exercise,

the Minister of the Environment may, by written notice to the Minister of Natural Resources, direct that an environmental assessment be prepared for the plan or project in which event the plan or project will not be exempt under this Order.

7. Where the Minister of the Environment has given written notice to the Minister of Natural Resources that he is considering the application of Condition 6 to a plan or project, MNR shall not implement the plan or project until forty-five days have elapsed from the giving of notice or the Minister of the Environment gives written notice to the Minister of Natural Resources that it is not proposed to require an environmental assessment.
8. During the period covered by this order, the Provincial Parks Program shall be planned, implemented and managed according to the following Provincial Parks' guidelines and policies:
  - Ontario Provincial Parks Policy
  - Ontario Provincial Parks Planning and Management Policies

  - Ontario Provincial Parks Capital Maintenance Standards
  - Ontario Provincial Parks Development Manual

  - Visitor Services Interim Policy
9. The guidelines and policies specified in condition 8 and any revisions or additions to these guidelines and policies will be made available by MNR for public inspection upon

request and will be forwarded to the Environmental Assessment Branch of the Ministry of the Environment.

10. Those plans and projects planned under the previous exemption (MNR-30/7), filed as Ontario Regulation 657/86, but not implemented by the date of its expiry, may continue to proceed in accordance with the conditions of this exemption.
11. Those plans and projects planned under this exemption, but not fully implemented by the date of expiry of this exemption, will have their status under the *Environmental Assessment Act* reviewed in connection with the review of the Class Environmental Assessment for Provincial Park Management and, if provided for in conditions of approval issued in connection with the undertaking, may continue to proceed in accordance with such conditions.
12. This order expires on October 31, 1988 except that the Minister of the Environment, taking into consideration the progress of the Ministry of Natural Resources on pre-submission consultation and any related drafting of the Class Environmental Assessment for Provincial Park Management and upon the request of the Minister of Natural Resources, may extend this expiry date but this extension shall not be beyond April 30, 1989.
13. If the Ministry of Natural Resources has submitted a Class Environmental Assessment under this Act for the Provincial Park Management undertaking prior to the expiry of this order, this order shall remain in effect until a final decision on the approval of the undertaking for which the Class Environmental Assessment is submitted has been made.
14. Where an Environmental Assessment has been done and approval to proceed issued for an individual Provincial Parks plan or project, that plan or project shall be deemed to be a separate undertaking not exempt by this order. O. Reg. 607/87.

**ENVIRONMENTAL ASSESSMENT ACT****O. Reg. 613/87.**

Exemption—Municipality of Metropolitan  
Toronto—METR-M-3.

Made—November 12th, 1987.

Approved—November 12th, 1987.

Filed—November 19th, 1987.

**ORDER MADE UNDER THE  
ENVIRONMENTAL ASSESSMENT ACT**

**EXEMPTION—MUNICIPALITY OF  
METROPOLITAN TORONTO—METR-M-3**

Having received a request from The Municipality of  
Metropolitan Toronto that an undertaking, namely:

The acquisition of approximately 1.58 hectares of  
land located north of Old Fort York and east of  
Strachan Avenue at 10 and 10R Ordnance Street,

be exempt from the application of the Act pursuant to  
section 29; and

Having been advised by The Municipality of Met-  
ropolitan Toronto that, if the undertaking is subject to  
the application of the Act, the following injury, dam-  
age or interference with the persons and property indi-  
cated will occur:

02A. A private warehouse redevelopment is pro-  
posed on a portion of the subject property,  
for which The Corporation of the City of  
Toronto has no legal basis to deny the  
requested building permit if the usual  
requirements are met. If the property is re-  
developed, the cost to The Municipality of  
Metropolitan Toronto to acquire and  
demolish the new development will be sig-  
nificantly more than the cost of acquiring the  
property in its present state. The environ-  
mental implications of relocating the align-  
ment for a Front Street Extension could be  
significant.

Having weighed such injury, damage or interfer-  
ence against the betterment of the people of the whole  
or any part of Ontario by protection, conservation and  
wise management of the environment which would  
result from the undertaking being subject to the Act;

The undersigned is of the opinion that it is in the  
public interest to order and orders that the undertak-  
ing is exempt from the application of the Act for the  
following reasons:

A. The Central Waterfront Transportation  
Study (CWTS) in May, 1983 identified the  
Front Street Extension, together with the  
widening of the Gardiner Expressway, as the  
two key road improvements required to  
maintain an adequate level of service for  
existing, planned and ongoing developments  
in the Central and Waterfront areas of  
downtown Toronto.

B. The Metropolitan Council in May, 1985  
authorized initiation of the Front Street/  
Gardiner Expressway Interchange Environ-  
mental and Feasibility Study. The study,  
being undertaken by the Metropolitan  
Toronto Technical Transportation Planning  
Committee, has followed the principles of  
environmental planning embodied in the  
*Environmental Assessment Act* and is near-  
ing completion.

C. The above-noted study has identified a pre-  
ferred alignment for the Front Street Exten-  
sion which bisects the subject lands. Five of  
the seven other alternative alignments  
studied also impact the site. When the study  
has been accepted by the Metropolitan  
Council, it will be submitted as an Environ-  
mental Assessment or dealt with as an  
Environmental Study Report under the  
Municipal Roads Class Environmental  
Assessment.

- D. The owners of the property have applied to the City of Toronto for a building permit to develop a ten-storey warehouse. The Metropolitan Corporation has advised that the City has no legal basis to deny the permit. If the owner proceeds with the proposed development, the adverse financial impacts on the Metropolitan Corporation of acquisition of the lands at a later date could be significant.
- E. The Metropolitan Corporation desires to acquire these lands now prior to their redevelopment, either by way of a negotiated agreement or by expropriation. The Corporation is seeking the requested exemption to obtain the necessary legal authority to commence negotiations with the owner in good faith and in a timely manner.
- F. This order covers only property acquisition for the site.
- G. The Metropolitan Corporation will still be required to comply with the *Environmental Assessment Act* if it is to proceed with the construction, operation and maintenance of the proposed Front Street Extension and Gardiner Expressway Interchange.
- H. Ownership of the subject lands by the Metropolitan Corporation should not be a factor in the selection of a preferred alternative for the Front Street Extension.

This exemption order is subject to the following terms and conditions:

1. This order does not permit any construction activities, other than demolition if required for purposes of safety, connected with the Front Street Extension.
2. The acquisition of the subject lands by The Municipality of Metropolitan Toronto shall not be considered as a factor in the environmental assessment analysis or selection of a preferred alternative for the Front Street Extension.
3. No lands shall be acquired under this order unless an agreement to do so has been entered into with the owner or a notice of intention to expropriate has been served prior to September 30, 1989, or such later date as the Minister of the Environment may specify by notice in writing given to the proponent and printed in THE ONTARIO GAZETTE. Made—November 12th, 1987.

Approved—November 12th, 1987.

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-75

Having received a request from the Ministry of Government Services that an undertaking, namely:

The activities involved in the implementation of the Ontario Provincial Police (O.P.P.) District Headquarters project at a site which is legally referred to as Part Lot 3, Concession 1, Western Boundary River Thames Survey, Township of Harwich, now in the City of Chatham, County of Kent,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that, if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of the Solicitor General and its agency, the Ontario Provincial Police, will be interfered with because they require the undertaking to overcome existing inadequate accommodation facilities (including communications) which severely hamper effective and efficient program delivery.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reason:

- A. The proposed undertaking will have no significant adverse effects on the environment that cannot be mitigated.

This exemption is subject to the following terms and conditions:

1. Where an activity which otherwise would be exempt under this order is being carried out

as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions in this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. All recommendations of the Lower Thames Valley Conservation Authority with respect to fill-lines, elevations and flood-proofing will be implemented in the development of the proposed undertaking.
4. Construction Guidelines shall be prepared to ensure that contractors respect the integrity of the watercourse, maintain the site in a neat and tidy condition during construction and dispose of refuse and construction related material in a fashion that is environmentally acceptable (by disposing in a licensed landfill rather than burying or burning at the site).
5. Prior to the construction of the building, the proponent shall prepare a site plan identifying the areas of organic deposits and all proposed buildings, structures and facilities, including paved surfaces and underground services, with details and specifications for any measures to address concerns related to the generation and migration of gas in the subsurface. This report shall be submitted to the Windsor District Office, MOE, for approval. The proponent shall not proceed with the undertaking until such approval is given in writing and a copy filed with the Director, EA Branch, for filing in the public record.
6. The proponent shall implement the site plan as approved.
7. The site shall be assessed for archaeological evidence prior to construction and a report of the results shall be submitted to the Director of the Environmental Assessment Branch for filing in the public record.
8. This order shall expire if construction activities have not commenced by December 31, 1989. O. Reg. 614/87.

(See Clauses 3.1 and 5.9.1.)

\*\*See Clause 8.7.1.5.

NOTES:

- (1) m.o.p. = maximum operating pressure (not necessarily the maximum allowable operating pressure).
- (2) d.p. = design pressure.
- (3) t.p. = test pressure.
